

JAKUB MAŁDRY

SOFTWARE DEVELOPER

PROFESSIONAL SUMMARY

Junior software developer passionate about crafting modern web applications using React, Next.js, TypeScript, and full-stack technologies. Focused on delivering solutions that address real-world challenges, with experience in developing AI-powered applications, productivity tools, web platforms, and automation projects. Enthusiastic about the convergence of software, AI agents, web development, and automotive technology, employing a hands-on approach to product development from concept to implementation—planning features, designing intuitive user interfaces, connecting APIs, and optimizing user experiences. Committed to continuous learning and skill enhancement in frontend and full-stack development while striving to create scalable and impactful software solutions.

WORK EXPERIENCE

Front End Developer Intern | Oct 2024 - Nov 2024

Magico Software, Remote

- Developed responsive web applications using HTML, CSS, and JavaScript frameworks.
- Collaborated with designers to enhance user experience through effective UI/UX implementation.
